Also it would be nice if you could leave a review 😊

Menu

Open Tools/vFolders menu to enable or disable features:

Icons and colors

Alt-click an object to open palette, click a color or an icon to set it:

You can add icons and adjust colors by editing the palette object, which is located in the plugin folder:
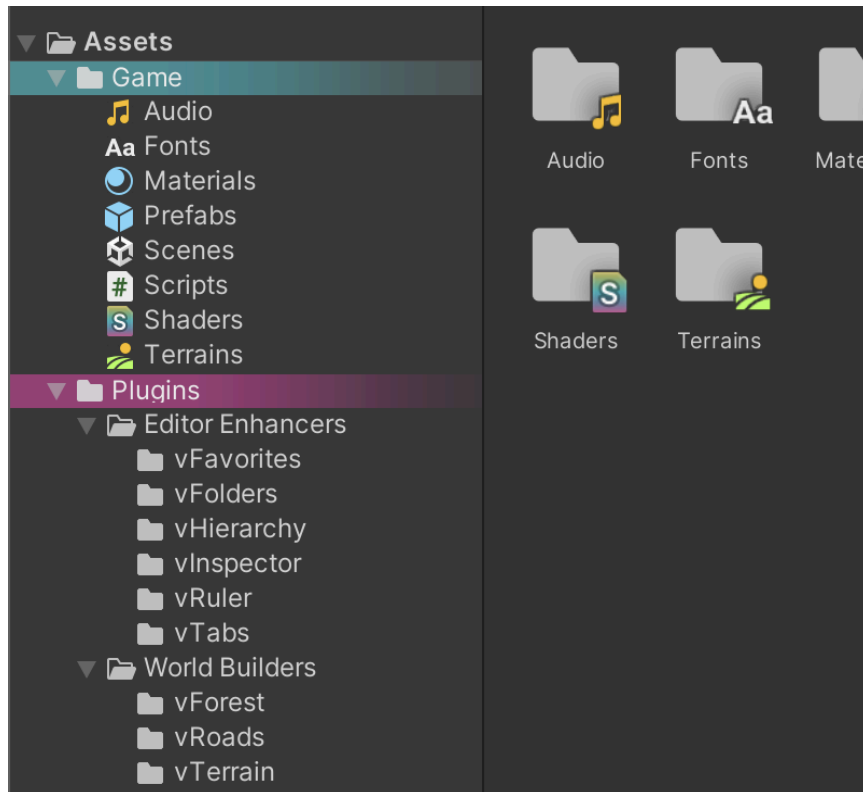

Hierarchy lines

Draws lines from parents to children:

Clearer rows

Makes row icons bigger and applies color to row background:

Minimal mode
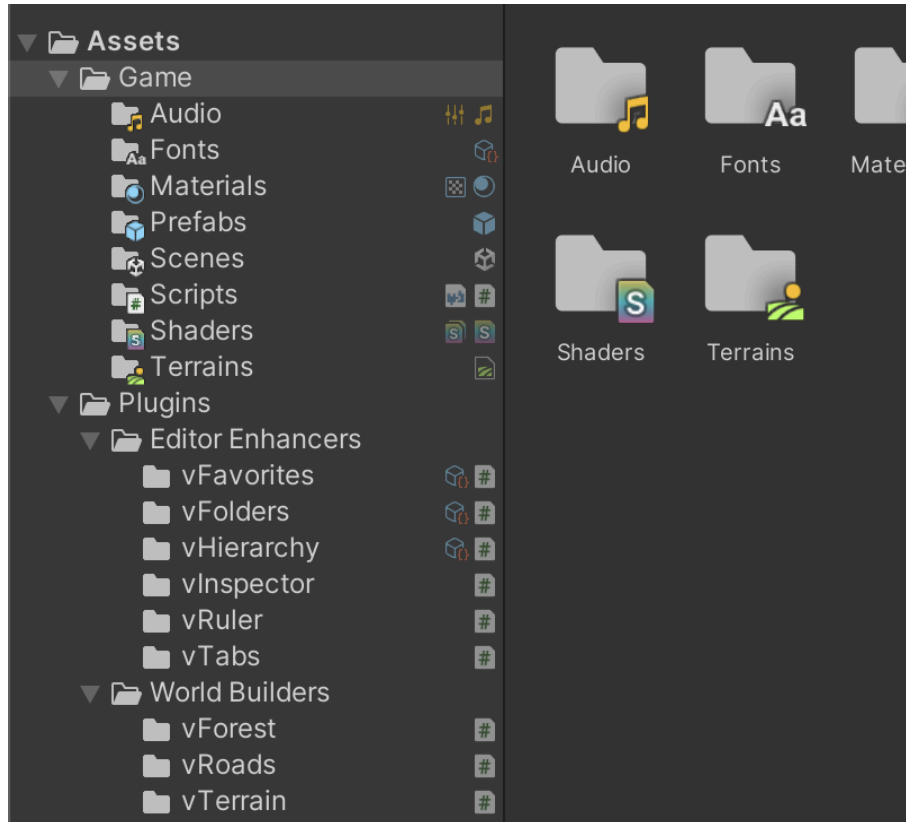

Only shows customized icons:

Zebra striping

Alternates row colors:

Content minimap

Shows types of assets in folders:

Automatic icons

Sets icon automatically based on types of assets in folder

Only works when all assets in the folder are of one type

Shortcuts

Shortcuts work on the folder under mouse - no need to select it

Press E to expand or collapse
Press Shift-E to collapse everything else
Press Ctrl-Shift-E to collapse everything

If you forget a shortcut, you can look it up in the Tools/vFolders menu
